***Advisory Action***

The amendment filed on July 21, 2008 under 37 CFR 1.116 in reply to the final rejection has been considered but is not deemed to place the application in condition for allowance and will not be entered because: the proposed amendment raises new issues, such as “*a layer thickness of 0.1-10 microns*”, that would require further search and consideration since they were not searched and addressed in the Final Office Action mailed on 4/23/2008.

***Response to Arguments***

Applicant's arguments have been considered but are moot because they discuss non-entered amendment.

***Conclusion***
